CLERK, U.S. DISTRICT COURT
By Wrote to you to
Deputy

Dear Hon. Judge Gabby,

How are you doing today sir? Hopefully well. So I can have the Lawyers (Lead: Seth Kretzer & Co. Jonathan Landers) Removed from my appeals going forward. There's been a conflict for a while with one lawyer telling me one thing and the other another. I've always state to both we I first Received them as lawyers Please don't lie or mislead me if you're not going to do something. And they have and its while I have been set a execution date for Sept. 25-19. Seth Kretzer wrote to you June 29.19 stated what direction he's going forward with my case is executive clemency, which was not what I was told the Plan was Back in early parts of this year when he came up to discuss the case.

Then Jonathan Landers Visited July 11-19 Telling me the Direction going forward which includes Filing under Mental Disabilities, trying to get a stay of execution - Having a Doctor come up to do a IQ test. And here's his the conflict because no matter what the Co Council say the Lead file what he want. And the only Reason I had Filed to get Seth Kretzer Removed before is because Co Council assured me he would do all the things we discussed. From the Recent filing to the courts I do not believe that is a fact now. I'm asking that these Lawyers (Seth Kretzer & Jonathan Landers be Removed from my case and as of this Date this letter was written file nothing else in my name.

Thank You For Your Time
